

Expectations about Academic Integrity on Exam 1

Read the following carefully. Turn it in when you complete this exam.

1. I understand that my instructor expects me to be honest on this exam.
2. I understand “being honest” includes:
 - a. **While I am taking this exam, I will not communicate in any way with anyone other than my instructor and/or their assistants.**
 - I will not talk with anyone else or exchange information with them during the exam.
 - **I will not use email, chat** or the like during the exam, except as directed by my instructor.
 - b. **After** taking this exam, if I want to communicate with anyone about this exam, I will make sure that they have already taken the exam. If they have not, I will not communicate with them in any way about the exam. No hints, no suggested problems to study, nothing!
 - c. For the **paper-and-pencil** part, the only external resource allowed is the 1-page (one side only) “hint sheet” that I brought to the exam (plus approved assistive devices).
 - d. For the **on-the-computer** part:
 - I may use any printed or hand-written materials that I have brought to the exam.
 - I may use anything that I stored on my computer before the exam, or that I create during the exam.
 - I will *not* use the internet beyond what is allowed – items reachable directly from the CSSE 120 web site (including but not limited to the Session Preparation pages, the course Piazza site, the official Python documentation, materials in my CSSE 120 Moodle and my own code repository for CSSE 120).
 - **I will not use any search engine (like Google), nor any Large Learning Model like ChatGPT, nor the AI Assistant paid add-on in PyCharm.** (It is OK to use PyCharm’s built-in auto-completion hints.)
3. I understand that if I am NOT honest on this exam (i.e., if I violate the above rules), **the normal penalty is an F in the course, along with possible expulsion from Rose-Hulman.**
4. I understand that if I do NOT do as well on this exam as I would like, **I can discuss with my instructor how best to deal with that.** In particular, I understand that **my score on Exam 2 will replace my score on Exam 1 if my score on Exam 2 is better than my score on Exam 1.**
5. **Check one of the following:**

I understand the above (that is, I understand my instructor’s expectations about Academic Integrity for this exam).

I do NOT understand the above (that is, I do NOT understand my instructor’s expectations about Academic Integrity for this exam) **and will talk with you [your instructor] privately soon after the exam.**

Turn this in when you are FINISHED taking the exam.
