

Homework assignment survey results

HW 1

Survey from Fall, 2012

Time spent on the assignment

Min:	Less than one hour
Average:	3-4 hours
Max:	5-6 hours

Time spent on hardest problem (minutes)

Min	15
Average	50
Max	120

Most common problems listed as hardest (number of mentions):

8(13) 1(3) 2(2) 3(2) 5(1) 6(1)

Notes:

Problem 7 from Summer, 2013 was not part of that assignment. It will be quick for some students, but not for others.

Based on student feedback for problem 8, I added a hint that should make it much shorter now, allowing you to concentrate more on the induction.

I also added some clarification to problem 5, based on student feedback.
