Hey

I slept thru my alm clock again lol so did we do ne thing important in calss?! can u send me the handouts? Thx

B.

Dear Dr. Thom,

I missed class today due to an interview for an internship. I have downloaded the notes and the examples from the course website and have worked through them, but I am still having some difficulty.

I have a lab today during your posted office hours, but I see that nothing appears on your schedule during 10th period. Would you be available at that time for some questions?

Thanks,
Bill Ding
